MEMORANDUM FOR: Director of Logistics

SUBJECT   : Construction of a Bomb Disposal Pit at the Headquarters
                 Compound

REFERENCES   : (a) Memo dtd 17 Oct 69 fr DD/PTOS/OS to C/LSD/OL,
                      subj: Suspect Package Pit

                 (b) Memo dtd 25 Feb 70 fr D/L to C/LSD/OL and C/RECD/OL,
                      subj: Supplemental Funding

1. This memorandum contains recommendations for your approval; such
recommendations are contained in paragraph 3.

2. Reference (a) transmitted general specifications made available by the
67th Ordnance Detachment, Department of the Army, for construction of a bomb
disposal pit at the Headquarters compound. The site selected for the pit is
outside the security fence and generally opposite the entrance road to the
Director's garage. The Chief, Building Planning Staff, has no objection to
the use of this site for the construction of a bomb disposal pit. We propose
to present the general specifications to the General Services Administration
(GSA) and request that Region 3 prepare a design and then accomplish construction
of the bomb disposal pit on the Headquarters compound.

3. Reference (b) advised that the Executive Director-Comptroller had
approved the use of FY 1970 supplemental funds in the amount of $3,000 for con-
struction of the bomb disposal pit. It is requested that this Division be
authorized to proceed with this project and to obligate the sum of $3,000 to
GSA to accomplish the design and construction of the pit.
